Madam/ Sir,

Please find the attached file for UG paper setters in Botany.

The members of UG BOS recommended certain reduction in 1st Semester syllabus due to unavailability of internet connectivity in certain remote areas where the students reside as well as due to shortage of time. The paper setters are requested to give less emphasis on the highlighted portions of the syllabus and no question should be given from that part as recommended by the external and internal members of UG BOS in Botany.

With regards.

Subrata Raha
