1. Background

Panchakot Mahavidyalaya finds itself within the picturesque surroundings near the foothills of "Panchet Pahar" at the northernmost of the district of Purulia. Physically it is located at Sarbari More beside Purulia-Barakar Road on one side and Panchet-Madhukunda Road on the other. The nearest railway station, Madhukunda is about 5 Km. from the Mahavidyalaya. The Campus of the College contains about 8 acres of land on which the tri-radiated two-storied building of about 48000 sq. ft. is located centrally. In fact, the plan of the building is so amazing that it draws visitors frequently. Panchakot Mahavidyalaya is NAAC Accredited & ISO - 9001:2015 | ISO - 14001:2015 Certified. I am very fortunate to be a part of Panchakot Mahavidyalaya, where quality education is provided in addition to social service. It feels great and challenging to work with such dedicated, innovative, energetic and motivated staff members, parents and students. Today, the role of this college is not only to pursue academic excellence but also to motivate, mould and empower our students to be lifelong learners, critical thinkers, and productive members of an ever-changing global arena. We work to provide an atmosphere, an intellectually challenging environment, to our students for multifaceted development, where students are encouraged to channelize their potential in the pursuit of excellence and become innovative thinkers, creative problem solvers and inspired learners prepared to thrive in the twenty-first century. This can only be possible in a holistic, student-centric environment, their talents, skills, and abilities need to be identified, nurtured, and encouraged. Students need to be provided with a platform to think, express, and exhibit their skills. Motivating our students in arising their curiosity to discover the mystery of the world we live in, the college undertakes a great leap in integrating infrastructural development, information and communication technology into the class room teaching and learning process with special thrust given to enhance imaginative capability as we believe knowledge defines all we currently know and understand whereas imagination points to all we might yet discover and create.

Kulti College was established in 1986 (17th August 1986) by the Government of West Bengal & Strong support was available from the University of Burdwan in this regard. Since then Kulti College stand as the only institution of higher education in the Kulti - Barakar - Dishergarh - Neamatpur area situated in the border zone of West Bengal in the calm corner of the main township. By the side of the Grand Trunk Road (NH- 2) the college has a large campus in an area of about 6.4 acre, The atmosphere of the locality is ideal for serious academic activities. As a co-educational institution, the college is renowned in imparting quality education since its birth. The institution has earned good reputation for its academic excellence, congenial environment and social commitment. Integrated and sustained efforts of all concerned have enabled the college to establish itself as one of the eminent colleges in the state. The objectives of the College were laid down in the Memorandum of Association of Kuiti College, 1986. It was felt however that with passage of time the objectives of the College require to be restated in the light of new perspective of Education of the 21st century. Accordingly the following objectives are enacted and declared. Kuiti College shall undertake to organize and lead its students, teachers, employees and alumni to join in social service activities so that Education, Child care, Good health, Healthy culture and Good life is made possible for the members of the community and of the neighborhood.

Panchakot Mahavidyalaya and **Kulti College** has been engaged in boosting academic excellence individually, but by this joint venture, we believe that such ripples can magnify and multiply the effects many fold. The relationship of these two colleges can gobeyond if we work hand-in-hand. Faculty Exchange, Students Exchange and Technology transfer are the key

aspects of this interaction. Through this linkage may expect to explore and flourish different opportunities to the students and teachers in their respective fields.

2. Purpose, Scope and Responsibilities under this MOU
