Time: 11:00 AM

Poster Making is made up of both text and images to make it eye-catching and informative. It is used for making an announcement or appeal, issuing a notice, or bringing about awareness on any issue of public interest. The art of making a poster is called "Poster Making". To enable our students to think out of the box and conceive and generate ideas. Posters are an excellent tool for visual learners, who comprise a significant percentage of students. Using educational posters as a visual aid with other teaching materials, teachers can present information visually appealing and engagingly, making the learning process easier for students to comprehend and remember. All students actively participated in this competition. All teachers and members of the cultural committee worked hard to make the event a great success. The event started with an introductory speech of the convenor stating clearly the rules and regulations of the event. The Poster Making competition was judged by senior faculties of the college and also external judges. It was a busy day with events taking place with full concentration and talent. All students performed well in the event. Prizes and certificates were distributed at the end of the event.
